

# UNSTABLE UNICORNS 2-PLAYER RULES

If you are playing with 2 players, make the following modifications before you get started. If you forget to make these modifications, you may find the game to feel less balanced.

Remove these cards from the deck and place them in the game box. They will not be used in the 2-player version of the game:

- **All Basic Unicorns**
- Queen Bee Unicorn
- Seductive Unicorn
- Rainbow Unicorn
- Nanny Cam
- Sadistic Ritual
- Slowdown
- Yay!
- Mother Goose Unicorn
- Necromancer Unicorn

If you are adding expansions to your game, you can find a comprehensive current list of cards to remove for a 2-player game at [UnstableGames.com](http://UnstableGames.com).

Before shuffling the deck, take out two Neigh cards and hand one to each player. From there, you may shuffle the deck and deal 5 cards to each player (giving each player a total of 6 cards in their hand to start the game, including the Neigh card).

Gameplay may now proceed normally!
